2. New login page

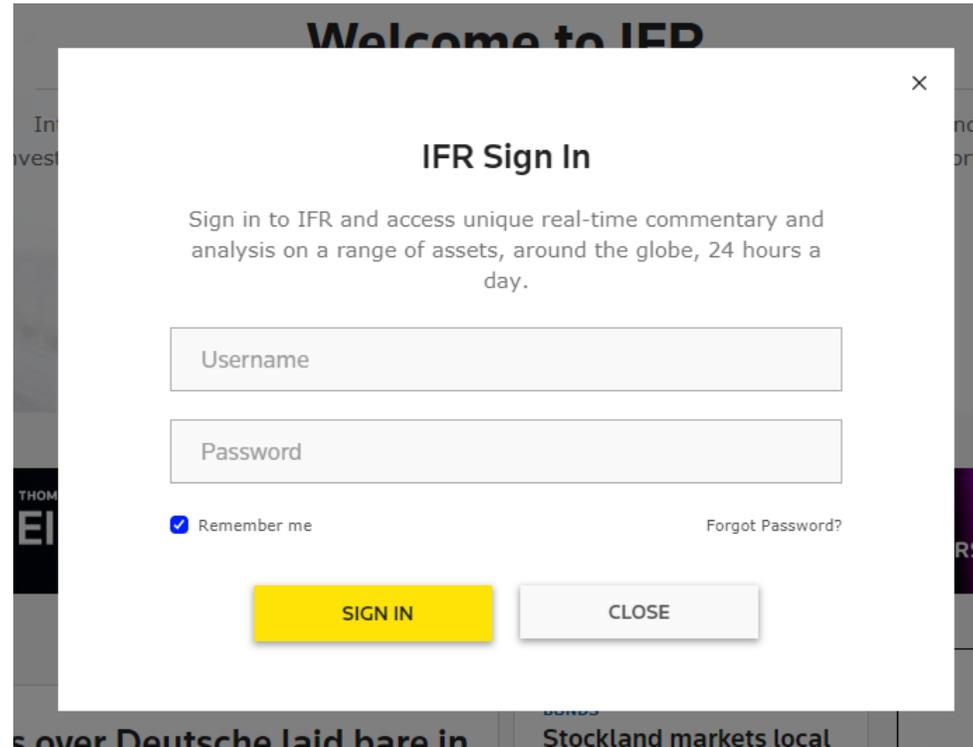

The first time you access the new IFR you'll be taken to a new login screen. Current subscribers to [ifre.com](https://www.ifre.com), [ifrasia.com](https://www.ifrasia.com) and [ifrmarkets.com](https://www.ifrmarkets.com) will all be linked directly to the new site.

The new site's address is www.ifre.com.

3. Logging in

The image shows a screenshot of a web browser displaying a dialog box titled "Welcome to IFR" at the top. The dialog box itself is titled "IFR Sign In" and contains the following elements:

- A sub-header: "Sign in to IFR and access unique real-time commentary and analysis on a range of assets, around the globe, 24 hours a day."
- A "Username" input field.
- A "Password" input field.
- A "Remember me" checkbox, which is checked.
- A "Forgot Password?" link.
- Two buttons at the bottom: a yellow "SIGN IN" button and a grey "CLOSE" button.

When logging in to the new platform for the first time, users will be required to enter a new password, to ensure fully-encrypted and secure logins for all users. A temporary password will be e-mailed to you when you first log in.

Your password is connected to your username (your e-mail address), so it will carry over to other devices you use for viewing IFR. You will only have to do this once.

5. Getting to work - navigation

The screenshot shows the Refinitiv Economics - Global page. The top navigation bar includes tabs for BONDS, LOANS, STRUCTURED FINANCE, RATES, FX, EQUITIES, **ECONOMICS**, and P&M. The main content area is titled 'GLOBAL ECONOMIC CALENDAR' and includes a 'Region - Global' dropdown.
